	Area	Value	Rate H/A
Acquisition	44 hectares	\$880,000	\$20,000

Rates for the comparable sales range from \$15,811 per hectare to \$265,188 per hectare and we have assessed the value of the required area at \$20,000 per hectare overall due to subdivision potential of the balance land after acquisition. In some cases, the added value of the road may offset any compensation payable due to the enhancement of the remaining lands value.

ASSESSMENT

Having regard to the above-mentioned sales it is our opinion that the value of the proposed acquisition area is **\$880,000**.

VALUATION:

“Market value is defined as the estimated amount for which an asset should exchange on the date of valuation between a willing buyer and a willing seller in an arm’s length transaction after proper marketing wherein the parties had each acted knowledgeably, prudently and without compulsion.”

VALUATION **\$880,000**

Sales of land ranging from 4,000 m² to 5,634 m² show prices from \$78,000 to \$130,000 site value. These are the largest available vacant sales in the area. Having regard to the nature of the subject site, its area, flood prone nature of some of the land and the proximity to the resort and golf course it is our opinion that the values are as follows.

	Area HA	Value	Rate H/A
Parent Land (Before)	8.6730	\$250,000	\$28,825
Acquisition	4.8000	\$100,000	\$20,833
Balance (After)	3.8730	\$150,000	\$38,730

ASSESSMENT

Having regard to the above-mentioned sales it is our opinion that the value of the proposed acquisition area is **\$100,000**.

VALUATION:

“Market value is defined as the estimated amount for which an asset should exchange on the date of valuation between a willing buyer and a willing seller in an arm’s length transaction after proper marketing wherein the parties had each acted knowledgeably, prudently and without compulsion.”

VALUATION **\$100,000**
