Introduction

Background

This Operational Plan has been prepared to satisfy Council's obligations under the *Local Government Regulation 2012* (LG Regulation). This Operational Plan has been prepared concurrently with the 2015/2016 Annual Budget.

The Operational Plan outlines Council's projects and programs that are designed to progress the implementation of the 5-year corporate plan as required by section 175 of the LG Regulation.

A **project** is a discrete body of work that occurs within the nominated timeframe. Examples include the delivery of a particular piece of infrastructure, a policy or program review or the implementation of new legislative requirements. Initiatives with a budgetary impact are usually also identified within Council's budget documents; however projects may include activities funded by recurrent budget allocations. **Programs**, by contrast, represent the ongoing/recurrent operational activities of Council. Key performance indicators are nominated for each program and this provides a process for the measurement of Council's performance.

Quarterly reports are provided from the Chief Executive Officer to the Council to track the organisation's progress in delivering the nominated projects and programs.

Planning Framework

The Operational Plan is a key component of Council's strategic planning framework, and should be considered in conjunction with other planning documents, including the long-term financial plan, annual budget and Corporate and Community Plans.

The purpose of the 2013-2018 Scenic Rim Regional Council Corporate Plan is to clearly outline the strategic approach that Council will take over the next five years in furthering the goals and objectives of the Scenic Rim Community Plan 2011-2026. The annual Operational Plan and Budget detail the actions Council will take each year in furthering the delivery of the strategic direction of the Corporate Plan

Council's strategic planning framework is represented in the diagram provided below.

COUNCIL PLANNING FRAMEWORK

The Corporate Plan is organised around the seven Community Plan Themes, being:

- Spectacular Scenery and Healthy Environment;
- Sustainable and Prosperous Economy;
- Open and Responsive Government;
- Relaxed Living and Rural Lifestyle;
- Vibrant Towns and Villages;
- Accessible and Serviced Region; and
- Healthy, Engaged and Resourceful Communities.

The Corporate Plan also identifies an eighth theme of Organisational Sustainability. This recognises the non-community facing aspects of Council's activities and operations.

For each Corporate Plan theme, Council has nominated a **Statement of Intent**, identified **Strategies** to respond to and progress the policy objectives articulated by the Statement of Intent and established **Measures** to track progress in delivering relevant strategic outcomes.

Each Operational Plan Project and Program nominates relevant linkages and relationships to the Corporate Plan Strategies by the use of a unique code for each strategy. For ease of reference, a schedule of Corporate Plan Codes is provided in Appendix 1.

Risk Management

Council is committed to implementing a systematic risk management methodology that identifies and addresses areas of potential risk within Council in a manner that is consistent with Australian Standards. Effective risk management is governed by an organisational Risk Management Framework that establishes the relationship between Council's various risk management components and processes.

A key element of the Risk Management Framework is Council's Organisational Risk Register. This register details how significant risks to the organisation are described, assessed and managed. It is maintained in accordance with Council's Risk Management Policy and the Enterprise risk Management Guidelines. Linkages to the Organisational Risk register for each project and program are detailed by the Operational Plan. This Operational Plan should be read in conjunction with the Organisational Risk Register.

1.0 Spectacular Scenery & Healthy Environment

STATEMENT OF INTENT

Council recognises the region's unique natural environment and will proactively and sustainably work to preserve and enhance it in partnership with our community.

CORPORATE PLAN STRATEGIES

SHE1 Ensure environmental considerations and sustainability principles are integrated into key decision-making processes, policies and procedures including future land use planning, and infrastructure and organisational service delivery.

SHE2 Conserve, protect and enhance the region's unique biodiversity, scenic vistas, natural resources and ecological processes. This will include taking steps to minimise the impact of pest species, improving degraded land and waterways, and protecting and enhancing environmental corridors.

SHE3 Engage and partner with key stakeholders in all sectors to progress prosperity and sustainability through coordinated decision making and regional ecosystem investment that duly recognises the significance of our environment and ecosystem services.

SHE4 Recognise and support the right to farm by our rural landholders and provide appropriate tools, opportunities, incentives and support to strengthen environmental management practices.

SHE5 Provide innovative waste reduction, recycling and management practices to minimise adverse effects of waste on the environment and impacts on the community.

SHE6 Provide strong advocacy to ensure our region is protected from industries such as coal mines and coal seam gas development.

SHE7 Recognise and manage the impacts of climate change and peak oil

CORPORATE PLAN STRATEGY

1.0 Spectacular Scenery & Healthy Environment

- SHE1** Ensure environmental considerations and sustainability principles are integrated into key decision-making processes, policies and procedures including future land use planning, and infrastructure and organisational service delivery.
- SHE2** Conserve, protect and enhance the region's unique biodiversity, scenic vistas, natural resources and ecological processes. This will include taking steps to minimise the impact of pest species, improving degraded land and waterways, and protecting and enhancing environmental corridors.
- SHE3** Engage and partner with key stakeholders in all sectors to progress prosperity and sustainability through coordinated decision making and regional ecosystem investment that duly recognises the significance of our environment and ecosystem services.
- SHE4** Recognise and support the right to farm by our rural landholders and provide appropriate tools, opportunities, incentives and support to strengthen environmental management practices.
- SHE5** Provide innovative waste reduction, recycling and management practices to minimise adverse effects of waste on the environment and impacts on the community.
- SHE6** Provide strong advocacy to ensure our region is protected from industries such as coal mines and coal seam gas development.
- SHE7** Recognise and manage the impacts of climate change and peak oil.

2.0 Sustainable and Prosperous Economy

- SPE1** Encourage local investment and sustainable business practices, and provide appropriate tools, opportunities, incentives and support to our business sector to build capacity, expertise, broaden the region's economic base and enhance innovation.
- SPE2** Invest in appropriate infrastructure to stimulate the ongoing development of our region.
- SPE3** Ensure we operate in a way that recognises and supports business needs and aspirations while protecting broader community and environmental interests.
- SPE4** Advocate and support the planning and delivery of major projects that align with the community plan's regional vision, in collaboration with government agencies and other key stakeholders.

3.0 Open and Responsive Government

- ORG1** Continue to develop initiatives and processes to communicate and engage with our diverse community.
- ORG2** Facilitate community participation in decision making.
- ORG3** Create a corporate environment underpinned by ethical behaviour that fosters a proactive customer service culture, processes and procedures that progress open and accountable governance and apply a risk management approach.
- ORG4** Provide streamlined and practical regulatory services that deliver on the shared vision with the community.
- ORG5** Provide strong advocacy on local issues of significance and pursue an integrated whole-of government approach to planning, coordination and improvements in the provision of essential services and infrastructure.

CORPORATE PLAN THEME**CORPORATE PLAN STRATEGY****4.0 Relaxed Living and Rural Lifestyle**

RRL1 Assist the community to build capacity to respond to their needs and aspirations while also delivering programs and supporting events that promote active participation across all sections of our community.

RRL2 Identify, plan and respond to the sport, recreation and leisure needs of our region by providing appropriate facilities and open space, and supporting a range of programs that will foster a healthy and active community.

RRL3 Create a region that is home to a diverse range of residential options, a place where people desire to live, work and play.

RRL4 Develop a planning vision and supporting planning instruments for the region which promotes community aspirations and clearly articulates the unique qualities of our natural assets and the identity of our towns, villages and communities.

5.0 Vibrant Towns and Villages
