Quacking Duck Craft

Making funny duck noises with this craft it's lots of fun, so why not try it.

What you need:

- Paper cup
- String
- Feathers
- Eyes
- Coloured paper
- Yellow texta or paint
- Scissors, glue or tape
- Sponge

How to:

1. If your paper cup is white paint or colour it yellow, or decorated it with feathers.
2. Cut out a diamond shape for the beak with different coloured paper and glue it on the front of the cup.
3. Place eyes above the beak, you can use google eye, cut out paper eyes or draw them on.
4. Put a small hole in the top of the cup and pull the string through, make a knot on the top of the cup and tape it down
5. Tie on a small rectangle piece of sponge at the end of the string that comes out at the bottom of the cup.

Now here's where the magic begins. To make the duck "quack", dip the sponge in a bit of water, Squeeze out the excess. Clasp the sponge between two fingers. With the sponge, grab a point towards the top of the string. Squeeze and pull down.

The result will be a loud Quack sound.
