- (2) The purpose of the **Low Density Residential Zone Code (Where no precinct applies)** will be achieved through the following overall outcomes:
  - (a) **Development:**
    - (i) facilitates a high level of residential amenity and protects the low density residential character of the zone;
  - (b) **Land uses:**
    - (i) consist of a range of *low density residential activities* including *Dwelling houses, Home based businesses* and *Dual occupancies* on larger lots;
    - (ii) can include small scale *medium density residential activities* including *Multiple dwellings, Residential care facilities* and *Retirement facilities* to meet the diverse housing needs of the community where development:
      - (A) is compatible with the low density residential character of the zone;
      - (B) is compatible with the height and scale of adjoining development;
      - (C) is located in areas that are well serviced and highly accessible to land located in a *centre zone* or the Recreation and Open Space Zone;
      - (D) does not compromise the operations of existing or future land uses on adjoining land included in the Industry Zone or *centres zones*;
    - (iii) may include the non-residential activities listed in **Table 6.2.8.2.1 Consistent Uses and Potentially Consistent Uses in the Low Density Residential Zone (Where no precinct applies)** that:
      - (A) are small in scale and of a low intensity;
      - (B) directly support the needs of the immediate residential community;

- (C)do not detract from the amenity of residential activities; and
- (D)wherever possible, are co-located with other non-residential activities in the zone;
- (iv)includes:
  - (A)the uses listed as a consistent use in column 1 of **Table 6.2.8.2.1 Consistent Uses and Potentially Consistent Uses in the Low Density Residential Zone (Where no precinct applies)**; or
  - (B)the uses listed as a potentially consistent use in column 2 of **Table 6.2.8.2.1 Consistent Uses and Potentially Consistent Uses in the Low Density Residential Zone (Where no precinct applies)** to occur only where further assessment has determined that the use is appropriate in the zone having regard to such matters as its potential impact, scale and intensity, built form and consistency with the character of the zone;
- (v) where not listed in **Table 6.2.8.2.1 Consistent Uses and Potentially Consistent Uses in the Low Density Residential Zone (Where no precinct applies)** are inconsistent uses and are not intended to occur in the zone;
- (c) **Character:**
  - (i) is low rise and low density residential environments that enjoy a high level of amenity;
  - (ii) involves limited non-residential activities of a residential scale and appearance;
- (d) **Built form:**
  - (i) is small scale, low-rise and compatible with the building height of nearby residential activities;
  - (ii) enhances the streetscape character of the area by:
    - (A)designing buildings to address the street frontage and public spaces, and provide opportunities for casual surveillance;
    - (B)maintaining a residential appearance;
    - (C)setting buildings back from the road frontage;
  - (iii)provides space around buildings to:
    - (A)maintain the residential character and amenity of the zone;
    - (B)give a sense of openness between buildings when viewed from the street and a public space;
    - (C)maintain privacy to adjoining residential activities;
  - (iv)involving *Dual occupancies, Multiple dwellings, Residential care facilities and Retirement facilities*, maintains the low density residential character of the zone and is compatible with the built form of adjacent development in terms of height, scale and intensity;
- (e) **Lot design:**
  - (i) supports low density residential living; and
  - (ii) complies with the requirements relevant to the Low Density Residential Zone of **Table 9.4.6.3.2 - Minimum Lot Size and Design**.

- (v) has a residential appearance and complements the surrounding built form and landscaped setting;

(e) **Lot design:**

- (i) supports low density residential living on existing lots;
- (ii) does not involve the creation of additional lots to maintain the existing village character and development pattern of land contained in the Mountain Residential Precinct and due to the unavailability of reticulated water supply and sewerage infrastructure.
